

Scraped Surface Tube Refurbishment

SPX FLOW IS OFFERING AN IMPROVED TUBE REFURBISHMENT SERVICE THAT INCLUDES:

- Streamlined process and tracking for quick turn-around times
 - > Chrome plated tube 4 weeks & non-chrome tubes 2 weeks
- Simplified pricing structure for tube models and sizes.
 - > Votator I & II, Thermutator, and APV models
 - > \$3,175 chrome plated tubes & \$960 non-chrome tubes
- Pre-established credits for non-repairable tubes
 - > **\$500** towards future refurbishment or other Delavan products *
 - > **\$3,500** towards immediate new stainless steel tube purchase
 - > **\$4,000** towards immediate new chrome nickel tube purchase

*Yearly limit of (5) five tubes returned per end-user location.

- Tube credits can accumulate for other Delavan product purchases (90 day limit to credit)
- No inspections fees when SPX refurbishes or supplies new replacements
- Refurbished tubes carry a one year warranty from ship date

Program effective dates:

This program will be in effect for SPX Flow Food & Beverage Customers in the USA and Canada between

May 22nd and December 31st 2017.

Program outline:

1. Refurbished tubes will be furnished with documentation including:
 - Hydro-testing parameters
 - Tube measurement to comply with original specification
2. Tubes that do not pass the inspection process (SPX FLOW & ASME requirements), can be credited to a distributor account to be applied towards future Delavan product purchases.
3. If requested, SPX FLOW will return tubes that do not successfully pass the inspection process, but the customer/distributor will be responsible for an inspection fee of \$150/tube and freight. No credits will be applied for returned tubes.

ADDITIONAL PROGRAM NOTES:

- 1.) Distributor will be responsible for submitting an RGA, Tube Disposition Form and the appropriate MSDS forms.
- 2.) Tubes received uncleaned or shipped freight collect will be refused.
- 3.) Unique tube designs (ie. Oval, snap ring, welded styles and carbon steel) will need to be evaluated by SPX FLOW Engineering/Manufacturing for final disposition. Special pricing may apply.
- 4.) Refurbishment that involves welding on the tube or flange will be rejected.
- 5.) SPX FLOW does not offer any special tube surface preparations (ie. Armoloy) except for polishing and chrome plating.
- 6.) Competitor tubes will not be refurbished, but will be eligible for credits under this program.
